### Building Committee News!

DAVID MUNYAK – EAST ST

#### INFORMATION AND COMMUNICATION

A key goal of the Building Committee is to keep people fully informed about what is being done and why.

We are making information available in the following ways:

- Holding regular meetings which are open to the public.
- Posting periodic updates here on Front Porch Forum.
- Printing out and posting the Front Porch Forum updates at the Post Office and Grant's store for those who do not have computer access to FPF.
- Publishing the minutes of the Building Committee regularly in the Magnet.

The Library and Town Clerk's office have all the above information in addition to various studies and reports that have been prepared along the way.

All this information is also available to you right from your own home by visiting the Building Committee page on the new town website at Town Departments>Building Committee. Here is the direct link: <http://middletownsprings.vt.gov/town-departments/building-committee/>

Finally, the Building Committee and Selectboard hope to have a town informational meeting in January where we will have information and discussion on the project.

You can help spread the word!

If you have friends who do not have a computer or have not signed up for Front Porch Forum, consider printing out these posts for them. Direct people to the town website, the library or the town office for information. Or, better yet, bring them to a Building Committee or Selectboard meeting.

The Building Committee meets on the first Wednesday and third Thursday of each month. Meetings are open to the public.
